

THANK YOU FOR SELECTING A HUSKY FLOOR LINER FROM WINFIELD CONSUMER PRODUCTS

CARE AND USE INSTRUCTIONS

Your new floor liners are custom molded to fit your particular vehicle. The liners are made to take the place of your factory floor mats. For correct fit, it is necessary to remove the factory floor mats before installing your new floor liner. *However, do not remove the factory-installed carpeting.*

Your liners are made from an engineering resin that is lightweight and extremely tough and durable. The easiest way to clean your liners is with a damp cloth or sponge. If using a cleaner, 409® or Glass Plus® work well. Use of Armor All®, Son-of-a-Gun® or similar items is discouraged as these products make the liners slick.

INSTALLATION INSTRUCTIONS FOR YOUR TOYOTA 4RUNNER SECOND SEAT FLOOR LINER

IF YOUR 4RUNNER IS EQUIPPED WITH THE FACTORY POWER SEAT OPTION, IT MAY BE NECESSARY TO TRIM YOUR LINER TO AVOID INTERFERENCE WITH THE SEAT TRACKS. TO DETERMINE IF TRIMMING IS NECESSARY, FIRST INSTALL YOUR LINER, POSITIONING IT IN YOUR VEHICLE AS SHOWN ABOVE. TO EASE INSTALLATION, MOVE THE SEATS TO THEIR MOST FORWARD POSITION BEFORE INSTALLING THE LINER. ONCE THE LINER IS IN PLACE, MOVE THE SEATS SLOWLY BACK, CHECKING FOR INTERFERENCE WITH THE LINER. IF INTERFERENCE OCCURS, TRIM AWAY THE MATERIAL IN THE TWO LOWERED AREAS ON THE LINER AS SHOWN ABOVE AND ALSO IN THE PHOTOS ON THE REVERSE SIDE OF THIS PAGE. TRIMMING IS EASILY DONE USING A UTILITY KNIFE OR HEAVY SHEARS.
